

The patented InducoLED design range incorporates industry leading high brightness Samsung LED technology, and is designed to replace traditional light fixtures with LED technology. Offering far superior lifetime, vast energy savings, improved colour rendering, and significantly reduced maintenance.

The most obvious technology to replace with InducoLED fittings would be fluorescent tubes, in almost any application, ranging from offices, production facilities and warehouses, through to schools, universities, retail stores and hospitals – truthfully, with its durable and robust anti-corrosive build quality to an IP65 waterproof rating, you can let your imagination be your inspiration to use InducoLED almost anywhere.

Using premium grade High Brightness Samsung 5630 LEDs, this Tryka product delivers a high lumen package of up to 4600lm, with an LED performance of >65lm per circuit watt, ensuring Part L compliance. Every lighting designer will also seek good colour rendition, and with a CRI of 85 in warm white, 80 in Neutral White or 75 in Cool White, the InducoLED should tick all of the relevant boxes.

The InducoLED body is extruded from aluminium, and finished with a strong Polycarbonate side cover and front PMMA diffuser, offering smooth illumination from the light source to reduce glare and enhance the aesthetics of the fitting, whilst also ensuring a TpA Fire Retardant luminaire.

Once installed, InducoLED can pay for itself within two years...

Key Features

- IP65 Waterproof • Anti-Corrosive • Dust Proof
- Fire Retardant • Energy efficient • High CRI
- High Lumen Efficiency • High Power Factor

Colours Available

Cool White	5000k-6500k	>75 CRI
Neutral White	3000k-4500k	>80 CRI
Warm White	2700k-3300k	>80 CRI

Specification

Input Voltage : 100-240V AC
Power Factor : >0.95
Max operating temperature : +70°C

Product Code	Dimensions (mm)	Total Circuit Power Consumption (w)	Weight	Warm White -WWH	Neutral White -NWH	Cool White -WHI
				2700k-3300k	3500k-4500k	5000k-6500k
TRY-INDUCO-35W-YYY	1180x145x65	37W	8KG	2100	2200	2300
TRY-INDUCO-45W-YYY	1180x145x65	48W	8.1KG	2850	3000	3150
TRY-INDUCO-70W-YYY	1180x145x65	74W	8.2KG	4300	4450	4600

Please replace YYY with Colour Code, and also add your required CCT to the end of the code if necessary.
